Blount Line: Between James Blount (3336) and the last listed ancestor there are about 20 additional generations listed on one research list. These include English Knights, Barons, Robert "The Admiral" who was Commander of William the Conqueror's fleet, Counts and Countesses. This data is attached to this chart. The last entry in this line reads:

Godefroy Le Danois, born c 852, of Denmark, and Gisela, Princess of Lorraine, born c 865, of Lorraine, France. She was the daughter of Lothaire II, King of Lorraine and Valdrade, V, Lorraine. Gisela was a decendent of Charlemagne, King of the Holy Roman Empire.

These are listed on a separate sheet in the Barrow books.
